

Northern Light Inn

We are out there, but not far: 15 minutes from the International Airport, 45 minutes from Reykjavík, 3 hours from London, and 5 hours from New York.

The Northern Light Inn is located in the majestic world heritage landscape of Reykjanes Peninsula, and it is the only hotel near the deliciously warm and salty Blue Lagoon Spa.

All 21 quiet and spacious rooms have down comforters, geothermal showers, satellite tv, direct dial telephones, and are smoke free. Buffet breakfast, lunch and dinner are served in our new panoramic restaurant.

Iceland is magical throughout the year. Our favorite time is from September to April when the midnight sun sets and the Northern Lights dance across the star filled sky.

If we can help you with your travel and adventure plans, please let us know.

Contact us anytime for complimentary International Airport shuttle service.
